

Attract Interest. Attract Business.

Need new customers? ... *Mobile-friendly website!*

Need more repeat business? ... *Your own mobile app!*

Need an improved site or to incorporate social media? ...

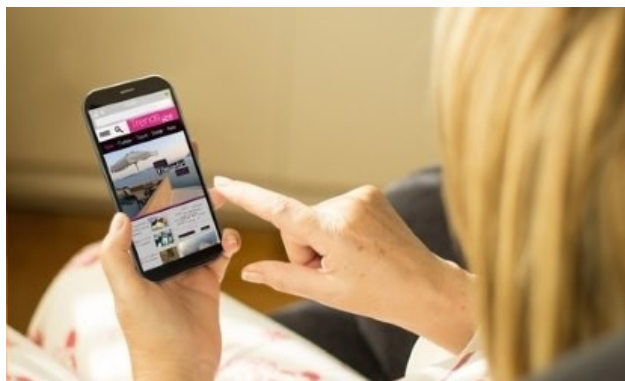

Call Webmaster Ray at 302-633-1482

I'm confident that I can give you the most value for your dollar!

Website Design / SEO / Hosting / Smartphone Apps

Within a day I can have you online with a temporary page and within a week you can have an appealing, informative site to support your marketing efforts! I'll also optimize it for search engines and arrange hosting.

- Web Hosting + Domain Registration under \$69/year
- One-time design fee from just \$650 for an effective site up to 8 pages.

Visit www.AttractWeb.com to see my portfolio.

Your custom built website can include PDF's, social media links, contact forms & much more. Training to easily update pages yourself is included.

Steps To Start:

1. We'll discuss which pages you need and I'd send a firm estimate.
2. I'd start with a draft and we'd look at it together to decide on changes until we get final version of layout. I'll incorporate SEO techniques into the website.
3. You'd gather text and appropriate images and email to me. I'll assist you with ideas.
4. We put site online. I submit to search engines and give free consultation always.

As an independent designer, I can handle all aspects of your site and will continue to be available to assist you. See my qualifications & services offered on next page.

Call or email with any questions at all!

Ray Christensen (302) 633-1482 ray@attractweb.com

Pay Hundreds, NOT Thousands of Dollars!

- Active member of New Castle County Chamber of Commerce

About Us:

We create sites from a *business* perspective, rather than from an overly technical or artistic perspective. Our goal is to give you an internet presence that accomplishes what *you* want and brings results!

What Makes Us Different

Most designers are from a technical background (such as computer science) or an artistic background (such as graphic design). They may build a site with flash movies and high-tech graphics but leave out most important features such as search engine optimization (SEO) to attract visitors to your site in the first place.

Based in Wilmington, Delaware, we work with clients throughout the USA!

Office Hours: Mon-Fri 8am-5pm E.T.
